Peace & Blessings,

I am Terrance Johnson, Founder & Executive Director of the TMJ School of Dance. The TMJ School of Dance is the official school of the TMJ Dance Project, a 501(c)(3) nonprofit organization committed to using the art of dance to uplift children and families in historically underserved communities across Central Louisiana and beyond.

It is an honor to now call Central Louisiana the home of our school, where we are bringing world-class training and transformative performance experiences to Alexandria. Our mission is to provide high-quality dance education and foster artistic excellence, utilizing dance as a creative catalyst for child and family development, youth empowerment, and community growth. As our motto affirms: It's more than "just dance" ... it is Liberating Art in Motion.

In just 120 days since relocation, we have served more than 30 families, provided over 200 hours of dance training, and awarded more than \$5,000 in financial aid and tuition assistance. We believe strongly that no young artist should be denied the gift of dance because of financial barriers. To sustain this commitment, we rely on community supporters and business partners who share our vision for accessible, equitable arts education in Central Louisiana.

On Saturday, December 20th, we will proudly present our Inaugural Fall Student Showcase—an intimate celebration of student learning featuring a lecture demonstration, technique highlights, and special choreography set to holiday classics. This event is more than a performance; it offers a space for cultural expression, identity development, and a deeper sense of belonging for the youth in our community.

We invite your business to join us as a Fall Student Showcase Sponsor. Your support directly impacts our students and demonstrates your organization's commitment to arts education, youth development, and the continued cultural and economic vitality of Central Louisiana.
